AI PRODUCT ENGINEER

PROFESSIONAL SUMMARY

AI & ML student with hands-on experience building real-time intelligent systems and full-stack applications. Developed AI-based platforms for emotion detection, smart recommendations, and project collaboration using modern tools and APIs.

EDUCATION QUALIFICATION

Degree	Institute	Year	Percentage
B. Tech (AI - ML) (JNTUGV)	Dadi Institute if Engineering & Technology	2024 – Present	83%
Diploma (CSE) (JNTUK)	Mrs. A. V. N. College	2021-2024	75%
10 th (SSC)	Viswateja EM	2020-2021	86%

TECHNICAL SKILLS

Programming Languages	AI/ML Technologies	Web Technologies	Database	Tools & Platforms
Java	OpenCV, DeepFace, ML Models, GenAI	HTML, CSS	MySQL	Figma, MS Office

PROJECTS

- **AI_ANYTHING** | Python, Gemini API, Flask – AI assistant with chat, file analysis, and emotion-aware interaction.
- **OriginX** | AI Models – Platform for project collaboration, recommendations, file management, and idea generation.
- **MOODIFY** | OpenCV, DeepFace – Real-time facial emotion detection with automatic mood-based Telugu music recommendation.

INTERNSHIPS

- **UI/UX Graphic Design Intern (Remote), LaunchED Global** (2025) – Designed **Interest Calculator** app, wireframes, prototypes, and dashboards; received **Letter of Recommendation**.
- Academic Internship (**APSCH**) – **Plantation** Study and **PromptMind_AI** NLP-based Technical Prompt Classification System.

CERTIFICATIONS

GenAI, Hewlett Packard, Walmart, Deloitte (**Forge**) | Google Cloud & CoPilot(**SkillUp**) | Python Essentials (**Cisco**) | **EduSkills**: Android Development, AI/ML, Cloud, Java Full Stack, Python Full Stack, Prompt Engineering | **IEEE** research paper.

Languages	Soft Skills	Publications & Achievements
• English • Telugu • Hindi (Basic)	• Communication • Leadership • Teamwork • Problem Solving	• Published IEEE Research Paper on “A Hybrid Intelligence System for Management & Collaboration”. • Received Certification from college for Research publication. • Awarded LOR & certification from LaunchED Global
